Project experience:

Project name:	**Government, NDA**
Involvement duration:	10 months
Project role:	Front-end developer
Project team size:	9 developers
Project description:	Under NDA
Project responsibilities:	Front-end design of UI components, optimization, deployment
Tools and technologies:	Vue2.js, JavaScript, Composition API, Vuetify
Project name:	**Human Resource System**
Involvement duration:	8 months

Project role:	Front-end Developer
Project team size:	4 developers
Project description:	Application for managing human resources in a large service station
Project responsibilities:	Front-end development
Tools and technologies:	JavaScript, Vue.js, SQL
Project name:	**VueCinema**
Involvement duration:	4 months
Project role:	Front-end Developer
Project team size:	3 developers
Project description:	Movie search application utilizing Movie OB API with search, rating and comments.
Project responsibilities:	Front-end development, UI logic
Tools and technologies:	Vue.js, SCSS
Project name:	**Aim Training**
Involvement duration:	3 months
Project role:	Front-end Developer
Project team size:	2 developers
Project description:	Browser game for cyber sportspeople training.
Tools and technologies:	JavaScript, HTML, CSS
Project name:	**Under NDA**

Involvement duration:	4 months
Project role:	Front-end Developer
Project team size:	Under NDA
Project description:	Web application for car parts search
Tools and technologies:	Vue.js, HTML, CSS

Project name:	**ContactMe**
Involvement duration:	4 months
Project role:	Front-end Developer
Project team size:	2 developers
Project description:	Digital daily planner
Project responsibilities:	Front-end development
Tools and technologies:	Vue.js

Project name:	**Task Tracker**
Involvement duration:	3 months
Project role:	Front-end Developer
Project team size:	3 developers
Project description:	Digital daily planner with map integration and location management
Project responsibilities:	Front-end development
Tools and technologies:	Vue.js, HTML/CSS
