

Slavi P.

Senior .NET/OutSystems Software Engineer

SUMMARY

- 10+ years of experience in the IT industry as a .NET/Outsystems Engineer with a track record of successfully designing, developing, and optimizing software solutions. - Acquired technical skills spanning .NET, C#, OutSystems, Java, HTML, CSS, Web Services, and more. - Translated .NET applications to OutSystems for major clients, such as KAS Client Bank and Ahold. - Played a key role in architectural shifts, like the implementation of microservices and risk assessment frameworks. - Developed a range of applications, including time registration, stock prediction, and risk assessment platforms. - Has an Associate Web Developer and Professional Web Developer 10 OutSystems Certificates. - 8+ years of experience with OutSystems - Advanced English

TECHNICAL SKILLS

Main Technical Skills	OutSystems, .NET
Programming Languages	C, C#, C++, Java, JavaScript
.NET Platform	ASP.NET, ASP.NET MVC, .NET
JavaScript Frameworks	Express, jQuery
Java Libraries and Tools	JSON
Databases & Management Systems / ORM	Microsoft SQL Server, MongoDB, SQL
UI Frameworks, Libraries, and Browsers	Bootstrap, CSS, HTML, jQuery, XML
QA, Test Automation, Security	Apache Maven, Selenium
SDK / API and Integrations	API, Web API
Platforms	CMS, OutSystems
Methodologies, Paradigms and Patterns	MVC, SOAP
Third Party Tools / IDEs / SDK / Services	Web Services
Operating Systems	Windows

EXPERIENCE

CTO ExemPower, Badi Primer

01/04/2023 – Current

Responsibilities: Designing the concept and software solution in a non-profit organization. Strategizing and developing every detail towards accomplishing the goals defined by the director, providing assessment for cost efficiency, and selecting integration partners.

Outsystems Consultant, Creetion

01/04/2018 – 30/03/2023

Responsibilities:

- Creating generic automated test tools (Outsystems, C#, Selenium)
- KAS Client Bank replicating existing web application from .NET to Outsystems.
- DUP/DAPP, refactor and integration of mobile plugins
- Marel - Development of Concern Management Application
- Craion - Time registration application
- Ahold - Stock prediction planning platform
- ING - CoopID (KYC documents vault)
- Innova Energie(Gewoon Energie) - 2 Customer portals and 2 mobile apps
- Aegon - Insurance internal tools
- ASR Nederland N.V. - Microservice architecture with OutSystems
- ING - OCIRMIS - Risk assessment platform (Current)

Consultor, Olisipo

01/06/2017 – 01/04/2018

Responsibilities: Development of multiple applications, mainly console applications, in order to populate the application's database. Some of these applications consist of automated applications, such as accessing third-party applications, retrieving information, or performing an action in order to automate resolution/validation processes/tasks.

Technologies: Architecture RPA, Reflection, C#, JSON, MongoDB and Selenium Webdriver.

Responsibilities: Development of the SIBS test module in the collection of funds application of EDP ("Collect"), which consists of the generation of SIBS express/gateway files in order to validate Load tests and "Collect" processing/validations. And the development of a daily comparison application between the application of an existing collection of funds application (Gcob) and Collect, with the respective metrics and results, in order to ensure that both applications meet the same processing and requirements.

Technologies: Outsystems 10, Oracle 12c, Soap / Rest, Integration Studio, C#, Xml

Consultor, AGAP 2

01/02/2017 – 31/05/2017

Responsibilities:

- Analyze and restructure one of the applications that manage state funds in DGO.
- Performance and user interface optimizations, with a slight change in business logic.

Technologies: Outsystems 10, MS SQL Server 2012 & CSS

Web Developer, Innovagency

01/11/2015 – 01/11/2016

<http://www.innovagency.com/>

Responsibilities:

- Restructuring and Development of the Inatel website in Asp.net MVC, Integration with Kentico CMS 9, MS SQL Server 2012, HTML, CSS, Bootstrap, JQuery, Responsive Layout, and Social Integration.
- Intranet development for AGEAS company, in Asp.net Web Forms, integrated with Kentico 9.2, MS SQL Server 2012, HTML, CSS, JQuery, Responsive Layout and Social Integration.
- Development of the IAPMEI company website in Asp.net WebForms. Integration with Kentico CMS 9.2, MS SQL Server 2012, and Responsive Layout, with HTML, CSS, JQuery, Bootstrap and Social Integration

.NET Developer, GROWIN

09/07/2015 – 12/08/2015

<http://www.growin.pt/>

Responsibilities: Development of console applications in order to integrate Century 21 application with the functionality of exporting a local database to other commercial applications (for example, Trovit, olx, immovirtual etc.). Main functions include the daily reading of local ads, mapping to destination model information, and sending.

Technologies: C #, MS SQL Server 2012, Web Services (Soap, & Rest), Linq to SQL, XML, FTP, JSON, Windows Task Scheduler

Outsystems Developer, Reditus

01/04/2014 – 12/05/2015

<http://www.reditus.pt/>

Responsibilities: Support, maintenance, and development of credit management application in Outsystems 8 . Database integrity maintenance, development of new functionalities, and integration with other internal applications.

Projects: SIRC - Integrated Credit Recovery System In Millennium BCP bank.

Development of functionalities that allow to generate metrics in order to improve the loading time of the screens with listings, among other developments in the EDP - Enterprise project

(<http://homeenergy.pt/Enterprise/>)

Technologies: Outsystems (6 & 8), Integration Studio, SQL Server 2012, CSS, JQuery, C#, Web Services (Soap & Rest)

.NET & Java Junior Developer, IT Sector

18/02/2013 – 17/08/2013

<http://www.itsector.pt/>

Responsibilities:

- Migration of internal application of company Finnangeste from Web Forms to MVC.
- Functional adaptation from all user interfaces/functionalities to respect the new architecture by sequence, refactoring, and analysis of improvements. Re-adaptation of web services (Rest & Soap) to ensure integration with other applications.
- Study on Job, Improvement of Java skills. In project Hércules , in CGD bank.
Technologies: Java EE MVC, JBoss, Maven, CSS, Oracle 11 g.

Technologies: Asp.net MVC, JQuery, CSS, Web Services(Soap & Rest), MS SQL Server 2012, Entity Framework 5.

Windows Mobile 7 Developer, Istec

23/08/2012 – 25/10/2012

<http://www.istec.pt/>

Responsibilities: Development of a client application in Windows Mobile 7 and another application to serve as an integrated C # Web API with MS SQL 2010 database in order client application can communicate with the API and by sequence, the database.

Technologies: .NET 3.5, SQL Server 2010, SOAP, XAML, CSS, Bing Maps API.

Freelancer

Responsibilities: Development of a website for a butcher shop, where stock is made available. It also consists of a back office, which allows real-time control of the orders and stock available on the site.

Technologies: Asp.net MVC, MS SQL Server 2012, Entity Framework 6, SignalR, Bootstrap, JQuery, HTML, CSS

Freelancer , Touchgroup, Lda

Responsibilities: Development of a budget creation/management application for the Touchgroup company. The application aims to create budgets with the version control system, where several services of third parties are registered, whose services are counted, and generate the respective report (Excel or Pdf) for the final customer. The application also allows the management of costs, both inbound and outbound, commissions, and sales margins.

Technologies: SPA architecture in Asp.net web forms, MongoDB, RESTful, Web API, Bootstrap, JQuery, HTML, CSS, ClosedXml, Json

EDUCATION

Computer Systems Management and Programming Technician Inete(Institute of Technical Education)

5/09/2008 – 23/08/2012

Level in EQF: EQF level 4

- Operating system,
- Computer Architecture,
- Networking and Communication,
- Programming and Information Systems.

Technologies: ANSI C, C#, Html, CSS, JavaScript, SQL Server 2008, Web Services, Assembly

Associate Web Developer Outsystems

2018 – 2020

Professional Web Developer 10 OutSystems

2019-2021

JavaScript - Modern web Development, Olisipo

16/01/2018 – 25/01/2018
