JavaScript Frameworks	jQuery, Nuxt, Vue.js (1 yr.)
PHP Frameworks	Laravel (1 yr.)
AI & Machine Learning	OCR
Java Libraries and Tools	Schedulers
UI Frameworks, Libraries, and Browsers	Ajax, Bootstrap, CSS3, HTML5, jQuery, Tailwind CSS
Cloud Platforms, Services & Computing	AWS
SDK / API and Integrations	API
Hosting, Control Panels	cPanel
Version Control	Git, Github Actions
Deployment, CI/CD & Administration	GitLab CI

Operating Systems	Linux, Ubuntu
Other Technical Skills	Proxies

WORK EXPERIENCE

Junior Laravel / Vue.js Developer, Hospital Management System

Duration: June 2024 - Present

Summary: Implemented a Health Smart Card for seamless hospital transactions, allowing customers to top up and spend on services.

Responsibilities: Integration of Health Smart Card feature into the Hospital Management System

Technologies: Laravel, Vue.js, Nuxt.js

Junior Laravel / Vue.js Developer, Supplier Management System

Duration: June 2024 - Present

Summary: Automated financial document processing using OCR (Dataleon API), enabling efficient supplier data analysis.

Responsibilities: Implementation of OCR for financial document processing in the Supplier Management System

Technologies: Laravel, Vue.js, OCR (Dataleon API)

Junior Laravel / Vue.js Developer, Product Comparison System

Duration: June 2024 - Present

Summary: Developed a data scraping tool with IP rotation with Smart-Proxy, job scheduling, and queues to track and compare product prices.

Responsibilities: Creation of a product comparison system utilizing web scraping technologies and IP rotation features

Technologies: Laravel, Vue.js, Smart-Proxy, Job Scheduling

Junior Laravel / Vue.js Developer, Employee Management System

Duration: June 2024 - Present

Summary: Built a Laravel-based system to streamline HR operations and improve workflow automation.

Responsibilities: Development of an employee management system to enhance HR department's operational efficiency

Technologies: Laravel

Junior Laravel / Vue.js Developer, Reusable Components (Nuxt.js)

Duration: June 2024 - Present

Summary:

- Designed modular, reusable components in Nuxt.js, enhancing frontend development efficiency

Responsibilities: Designing and implementing reusable frontend components using Nuxt.js

Technologies: Nuxt.js

EDUCATION

- **Bachelor of Commerce (B.COM)**
2020 - 2023
- **Post Graduation Diploma in Computer Application (PGDCA)**
2023 - 2024
