Work Experience

Full-Stack Developer, Arkive

Duration: 2023 – 2025

Summary: A subscription-based productivity tool designed to enhance organizational efficiency, featuring system integration with payment processing.

Responsibilities: Full-stack development, integrating and managing payment processing (Stripe), and ensuring a seamless user experience.

Technologies: React Router, Drizzle, Stripe
Full-Stack Developer, Full-Stack E-Commerce Platform

Duration: 2023 – 2025

Summary: Developing a comprehensive e-commerce platform with a focus on modern full-stack technologies, involving integration with payment gateways and ORM handling.

Responsibilities: End-to-end development of e-commerce solutions, including payment gateway integration (Stripe) and data management with ORM (Drizzle).

Technologies: Next.js, Drizzle ORM, Stripe
Full-Stack Developer, Label AI

Duration: 2023 – 2025

Summary: A no-code platform enabling efficient text classification through an intuitive user interface, simplifying the process for non-technical users.

Responsibilities: Front-end development focusing on creating a user-friendly interface for a no-code text classification tool.

Technologies: React Router, Kysely
Full-Stack Developer, Unspecified

Duration: Jul 2022 – 2023

Summary: Contributed to the development of enterprise-level frontend solutions at Khaleej Training.

Responsibilities: Worked on front-end development with an emphasis on Next.js architecture and performance optimizations.

Technologies: Next.js
Frontend / Next.js Developer, Unspecified

Duration: 2020 – 2022

Summary: Played a crucial role as a developer at HBR Web Solutions, focusing on front-end development tasks.

Responsibilities: Dedicated to enhancing and implementing front-end features for a variety of web solutions.

Technologies: Next.js
Front-End Developer (Intern), Unspecified

Duration: 2019 – 2020

Summary: Gained critical industry experience during the internship, contributing to front-end development projects.

Responsibilities: Assisted in various front-end development tasks, gaining hands-on experience in a professional setting.

Technologies: Unspecified

Education

- **Bachelor of Science (BS), Information Technology University of the Punjab**
Grade: A
2019 - 2023
