Karthikeyan S
Senior Senior Full-Stack Developer

SUMMARY

With over 7 years of professional experience, the engineer exhibits a mastery in full-stack development, particularly in the design, construction, and deployment of oriented and web enterprise applications. Proven track record in leading and delivering large-scale projects by implementing efficient collaboration, Scrum principles, and problem-solving strategies. Proficient in SPA development using Angular and React JS, REST API construction using Node JS, and ensuring secure user authentication across various platforms. Technical skill set includes a strong grounding in object-oriented techniques, SOLID principles, and experience with a range of technologies such as Angular, JavaScript, Typescript, Node, and Express JS. Expertise extends to database management, cloud services, and automated testing on multiple platforms. The engineer has actively contributed to complex projects in diverse domains, showcasing the ability to develop scalable and efficient code within a team or as an independent entity.

TECHNICAL SKILLS

Main Technical Skills	Angular (7 yr.), TypeScript (7 yr.), RxJs (7 yr.), JavaScript (7 yr.)
Programming Languages	JavaScript (7 yr.), TypeScript (7 yr.)
JavaScript Frameworks	Angular (7 yr.)
Mobile Frameworks and Libraries	Crashlytics
JavaScript Libraries and Tools	Electron, RxJs (7 yr.)
Data Analysis and Visualization Technologies	Presto S3
Databases & Management Systems / ORM	Firebase Realtime Database
UI Frameworks, Libraries, and Browsers	Angular Material UI, Bootstrap 4, SCSS
Cloud Platforms, Services & Computing	DigitalOcean
Amazon Web Services	AWS CloudFront, AWS EC2, AWS Lambda
Google Cloud Platform	Firebase Realtime Database
Collaboration, Task & Issue Tracking	Asana, JIRA Core

Version Control	Git
Methodologies, Paradigms and Patterns	SOAP
Third Party Tools / IDEs / SDK / Services	Visual Studio
Other Technical Skills	ES, Git Lab, Source Tree
