

Koni Sam

Full-Stack & Blockchain Engineer

Wallet and Web3 Integration, Blockchain and Cryptography, Smart Contracts

Profile

Organized, collaborative and highly skilled full stack & blockchain developer with

8+ years of professional experience in dynamic and deadline-driven work

environments. Self-motivated and self-taught professional who always trends to

challenge difficult problems no one dares to try.

The following skills can cover your project?

- Blockchain (Solidity, Web3.js, Ethers.js)
- JS frontend frameworks (React, Vue, Angular, Next, Nuxt, Gatsby)
- Backend skills (Laravel, Express, Django, .NET)
- Other (GraphQL, Shopify, AWS, Firebase, Google APIs, Typescript)

If so, your project is already 99.99% done. The only thing left is to hire me and

wait for the perfect result drinking coffee ~_~
