

Hiring software engineer as easy as calling a taxi.

Gaurav Dhiman

iOS Developer

SUMMARY

Software Engineer with 2.6 years of experience in iOS application development, specializing in Swift and Objective-C. Proficient in building applications from concept to deployment with a strong background in working with iOS frameworks, RESTful APIs, third-party libraries, and XCode/Swift coding and debugging. Demonstrated abilities in architecture design, including MVC and MVVM patterns, and incorporating advanced features such as socket integration, push notifications, Google Maps, and payment gateway integration. Contributions to projects like an appointment booking app for a tattoo studio, an international e-commerce app, a mortgage application, and a taxi booking platform showcase technical versatility and a commitment to delivering engaging user experiences. Holds a Bachelor of Computer Applications and is currently pursuing a Diploma in Computer Applications, underpinning a robust foundation in computer science and software development practices.

SKILLS

Main Technical Skills	Swift (2 yr.), IOS SDK (2 yr.), XCode (2 yr.), Architecture and Design Patterns
AI & Machine Learning	AWS ML (Amazon Machine learning services)
Programming Languages	Swift (2 yr.)
Amazon Web Services	AWS ML (Amazon Machine learning services)
SDK / API and Integrations	API, Google Maps API, IOS SDK (2 yr.), RESTful API, Stripe
Methodologies, Paradigms and Patterns	Architecture and Design Patterns
iOS Libraries and Tools	Core Animation, UIKit
Version Control	Github Actions, SourceTree
Third Party Tools / IDEs / SDK / Services	IOS SDK (2 yr.), XCode (2 yr.)
Project Management & Administration	Problem Solving
QA, Test Automation, Security	Usability tests

Other Technical Skills	Agora, CocoaTouch, Push Notification

WORK EXPERIENCE

Sr. iOS Developer, Baron Art Tattoo Studio

Duration: Nov 2021 - Present

Summary: An iOS app designed to book appointments with tattoo artists.

Responsibilities: Involved in the full app development cycle from concept to deployment, focusing on creating an intuitive user interface and ensuring compatibility with different iOS devices.

Technologies: Swift, RESTful APIs, Socket integration, Push notifications, Google Maps, Payment gateway, Architecture design (MVC, MVVM)

Sr. iOS Developer, Urban Afrique

Duration: Nov 2021 - Present

Summary: An international e-commerce application allowing users to shop with their local payment methods.

Responsibilities: Collaborated with cross-functional teams to offer a seamless shopping experience, integrated local payment solutions and ensured high performance across different iOS devices.

Technologies: Swift, RESTful APIs, Third party libraries, Architecture design (MVC, MVVM)

Sr. iOS Developer, Profin hub

Duration: Nov 2021 - Present

Summary: A mortgage application system to connect lenders and loan applicants, featuring secure data processing.

Responsibilities: Ensured the confidentiality and integrity of user data, implemented features to facilitate easy application for loans, and maintained the application to meet regulatory standards.

Technologies: Swift, iOS SDK, RESTful APIs, Xcode, Socket integration

Sr. iOS Developer, Xride and Crick

Duration: Nov 2021 - Present

Summary: A taxi booking application that enables users to book and schedule rides.

Responsibilities: Worked on key features of the app like real-time tracking, booking interface, and payment integration, ensuring reliability and user satisfaction.

Technologies: Swift, Google Maps, Agora, RESTful APIs, Payment gateway integration

iOS Developer Intern, Various internal projects

Duration: May 2021 – Oct 2021

Summary: As an intern, engaged in learning and application development under mentorship, with a focus on building foundational skills.

Responsibilities: Took initiative in problem-solving, aided in app development processes, and polished coding skills through practical engagement on live projects.

Technologies: Swift, UIKit, CocoaTouch, Core Animation, Xcode

EDUCATION

- **Bachelor of Computer Applications**
Currently pursuing at Lovely Professional University.
In progress
- **Diploma in Computer Applications**
Pursuing at Abhisht Education - Dharamshala. H.P
March 2025 (Expected)
