Maksim. M
Architect Full Stack Engineer

SUMMARY

- 9+ years of commercial experience in IT - Developing web applications using JavaScript (AngularJS, Angular 2+, Node.js, Nest.js) - Experience in TypeScript - Good logical thinking and team player - Studying fast, following modern programming trends with different media sources. -Intermediate+ English. - Availability starting from 01.08.2023

TECHNICAL SKILLS

Main Technical Skills	Angular
Programming Languages	JavaScript, TypeScript
JavaScript Frameworks	Angular, D3.js, jQuery, NestJS, Node.js
JavaScript Libraries and Tools	ES6, Gulp.js, NPM, RequireJS, RxJs, Webpack
Mobile Frameworks and Libraries	Ionic
Java Libraries and Tools	JSON
UI Frameworks, Libraries, and Browsers	Ajax, Bootstrap, CSS, D3.js, HTML, jQuery, LESS, SASS
Cloud Platforms, Services & Computing	AWS
SDK / API and Integrations	Fetch API, RESTful API
Version Control	Git
Collaboration, Task & Issue Tracking	Jira
Methodologies, Paradigms and Patterns	Kanban, Scrum
Operating Systems	macOS, Windows

EXPERIENCE

Javascript Developer

February 2020 - Present

Javascript Developer, NodeArt

July 2017 - January 2019

Javascript Developer, Piarcom

March 2015 - June 2017

Javascript Developer, Freelance

January 2014 - February 2015

PROJECTS

Full-stack development, ChainThat

Oct 2022 – July 2023**Description:** Financial tool for insurance companies. They can create products add configurations, algorithms, view reports, check billing, etc.**Responsibilities:**
