

Hiring software engineer as easy as calling a taxi.

Edon Kizolli

Senior Frontend Developer

SUMMARY

A seasoned Frontend Developer with a strong engineering background in Mechatronics and Computer Science, specializing in creating cutting-edge web interfaces and improving user experience. Brings over 4 years of professional experience to the table, leveraging skills in HTML, CSS, Bootstrap, JavaScript, Angular, and Vue.js, with a knack for responsive design and API integration. Proficient in Agile methodologies, skilled in problem-solving and has a track record of successful projects, such as Knauf's Web Dashboard and various SaaS platforms, showcasing advanced use of Angular, APIs, and resolving intricate CSS issues. Education includes a BSc in Computer Science with a focus on Cybersecurity and a BSc in Mechatronics Engineering, supplemented by certifications in Agile and Scrum, underpinning a robust technical foundation.

UI Frameworks, Libraries, and Browsers	Bootstrap 4 (4 yr.), CSS (5 yr.), HTML (5 yr.), jQuery
Amazon Web Services	AWS Security Groups
Azure Cloud Services	Microsoft Azure API
SDK / API and Integrations	API, GraphQL, Microsoft Azure API
QA, Test Automation, Security	QA Automation
Operating Systems	Unix
Other Technical Skills	Angular 2, NG-ZORRO, RPA, Vue-bootstrap

WORK EXPERIENCE

Senior Frontend Developer, Knauf - Web Dashboard

Duration: Feb 2021 - Present

Summary: Developed the web dashboard for Knauf, serving as a centralized management platform for Albania and the Republic of Kosovo.

Responsibilities: Designing and implementing the UI, establishing API connections for real-time data handling.

Technologies: HTML, CSS, Angular, APIs

Senior Frontend Developer, Purpletree Technologies

Duration: Feb 2021 - Present

Summary: Enhanced Purpletree's CMS to ensure flexibility, scalability and smooth user interactions.

Responsibilities: Creating new modules, CRUD functionalities, and integrating APIs.

Technologies: HTML, CSS, Angular, APIs

Senior Frontend Developer, Bollicine Del Mondo

Duration: Feb 2021 - Present

Summary: Worked on a project revealing the world of wine, fostering rich experiences for wine enthusiasts.

Responsibilities: Connecting APIs to the UI, enhancing user experience.

Technologies: HTML, CSS, Angular, APIs

Senior Frontend Developer, U-Earth

Duration: Feb 2021 - Present

Summary: Contributed to U-Earth's mission of creating Pure Air Zones to improve air quality globally.

Responsibilities: Connecting APIs, resolving CSS issues to enhance the platform.

Technologies: HTML, CSS, Angular, APIs

Senior Frontend Developer, Zemp Technologies

Duration: Feb 2021 - Present

Summary: Assisted ZEMP, a SaaS startup, in merging retail solutions with mobile payments, and inventory management.

Responsibilities: Fixing CSS issues, creating responsive modules, and establishing GraphQL API connections.

Technologies: HTML, CSS, JavaScript, GraphQL, Bootstrap, Angular

Senior Frontend Developer, HomeroomHub

Duration: Feb 2021 - Present

Summary: Built the first LMS tailored to Texas education, enhancing collaboration among educational support teams.

Responsibilities: Creating modules, optimizing CRUD interfaces, adapting Figma designs, and integrating with backend APIs.

Technologies: HTML, CSS, Bootstrap, Angular, APIs, NG-Zorro

Frontend Developer, Amazonamall

Duration: Jan 2019 - Jan 2021

Summary: Implemented the UI for an online shopping platform, offering a smooth and user-friendly experience.

Responsibilities: Implementing the entire UI.

Technologies: HTML, CSS, Bootstrap, JavaScript

Frontend Developer, AutoBuqa

Duration: Jan 2019 - Jan 2021

Summary: Developed the UI for a platform used for purchasing car parts and booking orders internationally.

Responsibilities: Implementing UI for the landing and B2B pages.

Technologies: HTML, CSS, JavaScript, jQuery

Frontend Developer, Edilgraniti

Duration: Jan 2019 - Jan 2021

Summary: Designed a responsive landing page for a company specializing in granite and marble products.

Responsibilities: Developing a responsive landing page showcasing product range.

Technologies: HTML, CSS, JavaScript, Bootstrap

Frontend Developer, N&N Solutions

Duration: Jan 2019 - Jan 2021

Summary: Implemented a professional landing page for a solutions company to present their services.

Responsibilities: Designing and implementing a landing page for service presentation.

Technologies: HTML, CSS, JavaScript

Frontend Developer, QR Code Menus

Duration: Jan 2019 - Jan 2021

Summary: Created a digital menu service landing page for restaurants to integrate contactless ordering.

Responsibilities: Developing a user-friendly and mobile-optimized landing page.

Technologies: HTML, CSS, JavaScript

Frontend Developer, BAF Technologies

Duration: Jan 2019 - Jan 2021

Summary: Built a landing page for a business services company focusing on service offerings and usability.

Responsibilities: Designing a responsive and functional landing page.

Technologies: HTML, CSS, JavaScript, Bootstrap

Frontend Developer, Muzbeg Auto Service

Duration: Jan 2019 - Jan 2021

Summary: Developed a landing page for an auto service provider to facilitate service booking and business information.

Responsibilities: Creating an easy-to-navigate and responsive landing page.

Technologies: HTML, CSS, JavaScript

Frontend Developer, Fee Doors

Duration: Jan 2019 - Jan 2021

Summary: Designed a modern landing page for a door manufacturing company to showcase products and facilitate purchases.

Responsibilities: Crafting a clean, intuitive, and responsive landing page.

Technologies: HTML, CSS, JavaScript, Bootstrap

EDUCATION

- **BSc, Computer Science - Cybersecurity**

Secure software development, vulnerability assessment, network security, and risk management.

Sep 2019 - Dec 2022

- **BSc. Mechatronics Engineering**

Integration of mechanical, electrical, and computer systems.

Sep 2015 - Apr 2019

CERTIFICATION

- **Agile Basics & Scrum Foundations**

Sep 2022

- **Training of Trainers for Frontend Development Course**

Jan 2023
