

Akshay Jaiswal

Senior Flutter Developer

SUMMARY

Experienced Flutter Developer with 6 years in software development, specializing in the design and deployment of mobile applications using Flutter and Dart. Adept in end-to-end development with strong skills in state management methodologies like GetX and BloC, and backend technologies including Firebase and Node.js. Proven expertise in integrating payment gateways such as Paytm, RazorPay, and conducting third-party API integration with platforms like Amazon Amplify. Recognized for achievements, including 'Emerging Talent of the Year 2018' and creating reusable, custom packages listed on pub.dev, underpinning a strong foundation in computer science with a BE in CSE.
