

# Hadi Makki

## Junior Full-Stack Developer

### SUMMARY

Software Engineer with a strong background in full-stack development, having worked with a variety of technologies including ReactJs, NextJs, NestJs, NodeJs, and Go. Exhibits proficiency in both front and backend development, with experience using databases like PostgreSQL and MongoDB. Utilizes Microservices Architecture with Kafka and demonstrates a keen understanding of event-driven patterns for scalable and efficient applications. Proven track record in delivering optimized web solutions, achieving notable performance improvements and containerizing applications with Docker for streamlined deployment. Strong proponent of clean code and best practices in security, particularly in the development of a secure password manager with end-to-end encryption. Evidences a Bachelor's degree in Management Information Systems (MIS) from Lebanese University, underlying a solid foundation in computer science.

### TECHNICAL SKILLS

<b>Main Technical Skills</b>	HTML, CSS, JavaScript, TypeScript, React
<b>Programming Languages</b>	JavaScript, TypeScript
<b>JavaScript Libraries and Tools</b>	mui, Redux-toolkit, Zustand
<b>JavaScript Frameworks</b>	React
<b>Databases &amp; Management Systems / ORM</b>	Typeorm
<b>UI Frameworks, Libraries, and Browsers</b>	CSS, HTML
<b>Azure Cloud Services</b>	Azure Arm templates
<b>Deployment, CI/CD &amp; Administration</b>	Azure Arm templates

### WORK EXPERIENCE

#### Full-Stack Developer, Dawrat

**Duration:** 11/2023–Present

**Summary:**

- Developed a website for Dawrat using Next

- js for both frontend and backend, ensuring a streamlined experience with efficient back-end services

**Responsibilities:** Developed website, styled user interface, managed backend services

**Technologies:** Next.js, MongoDB, Tailwind CSS, MUI

## **Full-Stack Developer, IPass**

**Duration:** 1/2025–Present

### **Summary:**

- Created IPass, a secure password manager app with cutting-edge encryption
- Focused on robust data security and an intuitive user interface

**Responsibilities:** Developed mobile app front-end and back-end, prioritized data security, managed state, and optimized performance

**Technologies:** React Native, Expo, NestJS, MongoDB, RTK, Zustand, API caching

## **EDUCATION**

- **Lebanese University**
- MIS
