

NANDHAN K

Intern Web Developer

SUMMARY

Software engineer with practical experience in full-stack web development, encompassing HTML, CSS, JavaScript, Node.js, and MongoDB. Proven track record with internships at CodeCraft Solutions and Nestsoft Technologies, demonstrating strong initiative, self-motivation, and real-world project management. Robust educational foundation with a Bachelor's in Computer Applications plus a specialization in Cyber Security. Developed a Master Study Portal project, showcasing skills in front-end and back-end development, RESTful API integration, and database management using Mongoose. Competent in version control with Git, and proficient with modern development tools such as GitHub and VS Code. Technical skill set further includes Bootstrap, Express.js, and REST API development.

TECHNICAL SKILLS

Main Technical Skills	HTML, CSS, JavaScript, Node.js, MongoDB
Programming Languages	JavaScript
UI Frameworks, Libraries, and Browsers	Bootstrap 4, CSS, HTML
JavaScript Frameworks	Express, Node.js
JavaScript Libraries and Tools	Mongoose
Databases & Management Systems / ORM	MongoDB
Version Control	Git, Github Actions
Third Party Tools / IDEs / SDK / Services	Microsoft Visual Studio Code
SDK / API and Integrations	RESTful API

WORK EXPERIENCE

Web Developer, Master Study Portal

Duration: During education at Krupanidhi Degree College

Summary: Designed and developed a responsive website for BCA/MCA students to access study materials and previous year question papers.

Responsibilities: Full-stack web development, designing a powerful admin panel for file and user management.

Technologies: HTML, CSS, JavaScript, Node.js, MongoDB

Web Development Intern, CodeCraft Solutions

Duration: June 2024 - July 2024

Summary: Worked on developing and improving responsive web pages, assisted in front-end feature integration.

Responsibilities: Developing responsive web designs and assisting with front-end feature integration.

Technologies: HTML, CSS, JavaScript, Git

Web Development Intern, Nestsoft Technologies

Duration: January 2025 - February 2025

Summary: Completed a web development internship with an independent project development and deployment.

Responsibilities: Web development and deployment of a project independently.

Technologies: Web development technologies (unspecified)

EDUCATION

- **Bachelor of Computer Applications (BCA) + Cyber Security**
2022 - 2025
- **Higher Secondary Education (Class 12 - Science)**
2020 - 2022
- **Secondary Education (SSLC - Class 10)**
2019 - 2020
