UPSTAFF

Andrii K.
Senior Senior RPA Engineer

SUMMARY

- 3+ years of experience in RPA Development - 4+ years of experience in .NET Development - Intermediate English - RPA UiPath - Available ASAP

TECHNICAL SKILLS

Main Technical Skills	.NET, RPA
Programming Languages	C#, C++, Java, PHP
.NET Platform	.NET
Data Analysis and Visualization Technologies	UiPath Apps, UIPath REFramework
Databases & Management Systems / ORM	Microsoft SQL Server, MySQL, SQL, SQLite
Platforms	1C, Microsoft Dynamics NAV, RPA
UI/UX/Wireframing	3D Modelling, Adobe Photoshop
Methodologies, Paradigms and Patterns	BPMN, SOAP, UML
Third Party Tools / IDEs / SDK / Services	Excel, Microsoft Word, Office 365, Outlook
Version Control	Git
SDK / API and Integrations	RESTful API
UiPath	UiPath Apps, UiPath Document Understanding, UiPath Orchestrator, UIPath REFramework, UiPath Test Suite
Operating Systems	Unix, Windows
Other Technical Skills	Blender 3D, CAD, Inventor, KOMPASS, Photo editing

WORK EXPERIENCE

RPA Developer / Senior RPA Developer

01.09.2018 – Present

PROJECTS

«Data validation system»

Description: User-friendly UI system for checking automatically generated data.
Responsibilities:
- Analytics
- Development
- Testing
- Refactoring
- Bug fix

«Automatic system of filtering and processing more accounting records»

Responsibilities:
- Analytics
- Development
- Testing
- Architecture development

«Automation of railway freight distribution logistics system»

Responsibilities:
- Analysis of target systems
- Development
- Testing
- Architecture development
- Support

«Algorithmic system for extracting data from OCR-recognized text»

Responsibilities:
- Analysis
- Development
- Testing
- Architecture development
- Support

«Automation of primary documents unloading from the accounting system to the signing system»

Responsibilities:
- Analytics
- Testing
- Architecture development
- Support

«Automation of invoice signing in two different work environments»

Responsibilities:
- Development
- Testing
- Architecture development
- Support

«Automation of primary document recognition for input into the Oracle accounting system»

- Responsibilities:
- Development
- Testing
- Architecture development

CERTIFICATES AND ACTIVITIES

UiPath Orchestrator Diploma

UiPath RPA Developer Diploma
