Cesar Nava
Senior Senior Software Engineer

SUMMARY

Cesar is a Senior Software Engineer with over 15 years of experience in various aspects of the software development life cycle. He is a full-stack software engineer proficient in .Net and Angular, with expertise in a range of technologies. Cesar has worked on projects in the Anti Money Laundering space and as a Technical Lead for a risk analytics company. He has also worked as a full stack developer for a US-based construction company, utilizing modern stack technologies such as Angular, .Net, Docker, Kubernetes, and Azure Functions. Cesar has experience working with companies like Kinectify, Hexaware Technologies, Definity First, Icalia Labs, Softtek, Bind ERP, Minnt, SVAM International, and the University of Texas at Brownsville. He holds a Bachelor's degree in Computer Science from the University of Texas at Brownsville. Cesar's technical skills include AngularJS, JavaScript, PHP, and he is fluent in Spanish and English.
