

# Ham N NetSuite/ERP, Salesforce, UiPath/RPA, Celigo/Boomi/ iPaas

Salesforce, Robotic Process Automation (RPA), Scripting and Automation, NetSuite, Data Extraction and ETL

## Profile

Background in NetSuite/ERP, UiPath/RPA, and Celigo/Boomi/iPaas. Leveraging expertise in these technologies, implemented and optimised complex systems to streamline operations, enhance productivity, and drive business growth.

Understanding of business processes, excel in analysing requirements, designing efficient solutions, and leading end-to-end implementation projects.

Proficiency in integrating diverse systems and automating repetitive tasks through UiPath/RPA has resulted in significant cost savings and improved operational efficiency.

Proficiency in Celigo/Boomi/iPaas enables seamless data integration and synchronisation, facilitating real-time insights for informed decision-making.

Committed to delivering high-quality results, possess problem-solving skills, attention to details, and a collaborative approach that fosters effective teamwork.

Track record of success, ready to contribute expertise to drive digital transformation and optimize business processes for organisations.
