Oleksii B.
Junior Junior Android Software Engineer

SUMMARY

- Android Engineer (6 months) - Educational program (mentoring, code review, git-flow, task management, time management) - Android Fundamental Courses - Available ASAP

TECHNICAL SKILLS

Main Technical Skills	Java, Kotlin
Programming Languages	Java, Kotlin
Android Libraries and Tools	Android Jetpack, Android SDK, Android Studio, Kotlin, Retrofit, Room (Android Jetpack)
Mobile Frameworks and Libraries	Glide
Java Libraries and Tools	JSON
Databases & Management Systems / ORM	Firebase, SQLite
UI Frameworks, Libraries, and Browsers	Material UI
Cloud Platforms, Services & Computing	Firebase
Platforms	Android
Third Party Tools / IDEs / SDK / Services	Android Jetpack, Android SDK, Android Studio
SDK / API and Integrations	Android SDK, Collections API, RESTful API, Retrofit
Version Control	Git
Project Management & Administration	MVP
Methodologies, Paradigms and Patterns	OOP
UI/UX/Wireframing	UI/UX
Other Technical Skills	Multi-threading

EXPERIENCE

Android Developer, NDA

Jan 2022 - Mar 2022

Description: Newsfeed application with the local cache

Responsibilities: Application development from the beginning, architecture development

Team size: 2

Technologies: MVP, Retrofit, Glide, Material Components, Android Jetpack (Room)

Android Developer, NDA

Dec 2021 - Jan 2022

Description: Mobile application enables colleagues/friends to find common free time for the meeting

Responsibilities: Application development from the beginning, client/system architecture development

Team size: 3

Technologies: MVVM, Firebase Realtime Database, Material Components, Android Jetpack (Lifecycles, LiveData, ViewModel, Navigation)

EDUCATION

Source IT, JAVA-Android Training

- Fundamentals of Java Object-Oriented Programming.
- Classes in Java. Object class and main methods.
- Exceptions in Java try / catch / finally, throw / throws.
- Collections in Java.
- Working with UI, creating a user interface: Activity, Fragments.
- Data storage, approaches, libraries: SQLite, ContentProvider.

National Technical University "Kharkiv Polytechnic Institute" Master's degree in Microprocessor Electronic.

2002 - 2008
