WORK EXPERIENCE

Frontend Developer - VroomVroomVroom (VroomVroomVroom Website Development and Maintenance)

Duration: 01/2019 - 07/2026

Summary: Development and maintenance of user-facing websites for VroomVroomVroom, a company likely involved in vehicle rental or related services, focusing on creating high-

performing and interactive storefronts using modern web technologies.

Responsibilities:

- Developed and maintained user-facing websites using HTML, CSS, JavaScript, and ReactJS.
- Collaborated closely with back-end developers to integrate API calls into the front-end codebase.
- Created UI components with reusable code to enhance user experience.

Technologies: HTML, CSS, JavaScript, ReactJS, API integration

Frontend Developer - Doogma (JavaScript Widgets and E-commerce Theme Customization)

Duration: 04/2015 - 08/2018

Summary: Development of JavaScript widgets and customization of e-commerce themes for clients using WooCommerce, BigCommerce, and Shopify platforms to enhance online storefronts and user engagement.

Responsibilities:

- Built JavaScript widgets tailored to client needs.
- Customized e-commerce themes across WooCommerce, BigCommerce, and Shopify platforms.

Technologies: JavaScript, WooCommerce, BigCommerce, Shopify Liquid templating
